

LCCI – QES Q2 2014

METHODOLOGY NOTE

ComRes interviewed 506 London business decision makers between 19th May and 11th June 2014. Data were weighted to be representative of all London businesses by company size. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

To commission a voting intention poll or a public opinion survey please contact Katharine Peacock: katharine.peacock@comres.co.uk

To register for Pollwatch, a monthly newsletter update on the polls, please email: pollwatch@comres.co.uk

Q1 The Airports Commission has shortlisted two sites - Heathrow and Gatwick - as suitable locations for one additional runway to be completed before 2030. Thinking of your needs as a business, which of the two airports would you prefer to be allowed to expand?

Q3 The Airports Commission and the Government are considering a range of short- and medium-term measures to increase airport capacity in the South East while a new runway is built. Which of the following options, if any, would be most beneficial to your business?

The most beneficial

Base: All respondents

| Unweighted Total |
|---|
| Weighted Total |
| More efficient runway operations at Heathrow (including 'mixed mode' operations increasing the number of flights by allowing planes to take off and land from the same runway |
| Improved rail access into Gatwick |
| Extended runway operating hours at Heathrow (including early morning arrivals) |
| Improved terminal facilities at City Airport |
| Improved rail access into Stansted |
| |
