Table 1

Q1. The following questions are about people who live in social housing. By social housing, we mean that they live in housing provided by their local authority (often known as 'council houses') or in housing provided by a housing association. To your best estimate, what proportion of people living in social housing do you think are currently employed, unemployed, self-employed, students and retired?

Base: All respondents

Table 6

Q1. The following questions are about people who live in social housing. By social housing, we mean that they live in housing provided by their local authority (often known as 'council houses') or in housing provided by a housing association. To your best estimate, what proportion of people living in social housing do you think are currently employed, unemployed, self-employed, students and retired?
