## ComRes

## Leonard Cheshire Disability - Accessible Housing

METHODOLOGY NOTE
ComRes interviewed 2,006 GB adults aged 18+ online between the 4th and 6 th June 2014; including 238 who self-identified as having a mobility impairment. Data were weighted to be representative of all $G B$ adults aged $18+$. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.
To commission a voting intention poll or a public opinion survey please contact Katharine Peacock: katharine.peacock@comres.co.uk
To register for Pollwatch, a monthly newsletter update on the polls, please email: pollwatch@comres.co.uk

## Accessible Housing Survey

## ONLINE Fieldwork: 4th - 6th June 2014

## Table 4

How easy or difficult is it to do each of the following everyday tasks in your current home?
Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither".
Base: All respondents with a mobility impairment
Switching the light on / off whenever you want

## Accessible Housing Survey

## ONLINE Fieldwork: 4th - 6th June 2014

## Table 5

How easy or difficult is it to do each of the following everyday tasks in your current home?
Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither".
Base: All respondents with a mobility impairment
Sleeping in your bedroom (rather than the lounge / kitchen)

## Accessible Housing Survey

## ONLINE Fieldwork: 4th - 6th June 2014

## Table 6

How easy or difficult is it to do each of the following everyday tasks in your current home?
Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither".
Base: All respondents with a mobility impairment
Taking a bath or a shower without needing help

## Table 6

How easy or difficult is it to do each of the following everyday tasks in your current home?
Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither".
Base: All respondents with a mobility impairment
Taking a bath or a shower without needing help

Table 9
How easy or difficult is it to do each of the following everyday tasks in your current home?
Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither".
Base: All respondents with a mobility impairment
Using the stairs safely

## ONLINE Fieldwork: 4th - 6th June 2014

Table 21
In your experience, how easy or difficult it is to find accessible homes? By accessible homes we mean a home in which it would be easier to live than a standard home if you have difficulty or are unable to move, walk or stand independently. Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither". If you have never looked for an accessible home, please select "I have not looked for accessible homes"
Base: All respondents with a mobility impairment

Table 21
In your experience, how easy or difficult it is to find accessible homes? By accessible homes we mean a home in which it would be easier to live than a standard home if you have difficulty or are unable to move, walk or stand independently. Please rate on a scale from 10 to 0 , where 0 stands for "very easy", 10 for "very difficult" and 5 for "neither". If you have never looked for an accessible home, please select "I have not looked for accessible homes".
Base: All respondents with a mobility impairment
