

## Changing Faces, Hate Crime Survey – January 2020

*Methodology: Savanta ComRes interviewed 1,046 people with a mark, scar or condition that makes them look different online between 23rd October and 11th November 2019. Data were weighted to be representative of those with a mark, scar or condition that makes them look different by age, gender and region. This weighting scheme was sourced from a nationally representative public omnibus survey run between the 22nd and 24th March 2019. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at [www.comresglobal.com](http://www.comresglobal.com)*

All press releases or other publications must be checked with Savanta ComRes before use. Savanta ComRes requires 48-hours to check a press release unless otherwise agreed.

## DJ-304178 – Visible difference and hate crime survey

**Q10. As a reminder, a 'hate crime' is when someone does something to harm or abuse someone because of who they are - such as because of their disability, race or sexuality. If someone has harmed or abused a person either physically or verbally because of disfigurement or visible difference, then that may be a hate crime or hate incident. Would you say that you have experienced 'hate crime', and if so, did you report it?**
