

Changing Faces, Visible Difference and Male Perspectives Survey – February 2020

Methodology: Savanta ComRes interviewed 1022 men with a mark, scar or condition that makes them look different online between 23rd October and 11th November 2019. Data were weighted to be representative of those with a mark, scar or condition that makes them look different by age and region. This weighting scheme was sourced from a nationally representative public omnibus survey run between the 22nd and 24th March 2019. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at www.comresglobal.com

All press releases or other publications must be checked with Savanta ComRes before use. Savanta ComRes requires 48-hours to check a press release unless otherwise agreed.

S1. Do you have a mark, scar or condition that makes you look different?	1
BASE: All male respondents	
S2. From the list below, please select what type of mark, scar or condition you have that makes you look different.	5
BASE: All male respondents	
S3. Gender	13
BASE: All male respondents	
Q1. When or how did you realise you 'looked different'?	17
BASE: All male respondents	
Q2. And at what age did you realise you 'looked different?'	21
BASE: All male respondents	
Q3. If you can recall, how did you feel when you first realised you 'looked different'?	28
BASE: All respondents who can recall the age when they realised they 'looked different'	
Q4. What impact has looking different had on your life?	32
BASE: All male respondents	
Q5. Thinking about dating and relationships, have you ever experienced the following?	40
BASE: All male respondents	
Q6. How often do you think about your appearance?	48
BASE: All male respondents	
Q7. Have you ever had a conversation with any of the people below about your appearance?	52
BASE: All male respondents	
Q8. What stops you from feeling able to talk about your appearance?	56
BASE: All male respondents	
Q9. SUMMARY: To what extent, if at all, do you agree with each of the following statements?	60
BASE: All male respondents	
Q9. NET: AGREE SUMMARY: To what extent, if at all, do you agree or disagree with each of the following statements?	61
BASE: All male respondents	
Q9. NET: DISAGREE SUMMARY: To what extent, if at all, do you agree or disagree with each of the following statements?	65
BASE: All male respondents	
Q9. It is harder for men than it is for women to seek support about their appearance : To what extent, if at all, do you agree or disagree with each of the following statements?	69
BASE: All male respondents	
Q9. I would feel awkward asking for help : To what extent, if at all, do you agree or disagree with each of the following statements?	73
BASE: All male respondents	
Q9. Men do not talk about their appearance : To what extent, if at all, do you agree or disagree with each of the following statements?	77
BASE: All male respondents	
Q9. It is harder for a man to have a visible difference than it is for a woman : To what extent, if at all, do you agree or disagree with each of the following statements?	81
BASE: All male respondents	
Q9. Men are under pressure to meet a certain macho male stereotype : To what extent, if at all, do you agree or disagree with each of the following statements?	85
BASE: All male respondents	
Q9. I think there should be more men with a visible difference in the public eye (e.g in adverts, campaigns and celebrities) : To what extent, if at all, do you agree or disagree with each of the following statements?	89
BASE: All male respondents	
Q9. I have modified my behaviour because of my visible difference : To what extent, if at all, do you agree or disagree with each of the following statements?	93
BASE: All male respondents	
Q9. People react differently to a man with a visible difference than a woman : To what extent, if at all, do you agree or disagree with each of the following statements?	97
BASE: All male respondents
