

CHRISTIAN AID – BANKS SURVEY

Methodology: ComRes interviewed 2,031 adults aged 18+ in Great Britain between 20th and 22nd October 2017. Data were weighted to be representative of all GB adults aged 18+ by age, gender, region and socio-economic grade. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

For information about commissioning research please contact info@comresglobal.com or call +44 (0)20 7871 8660.

To register for Pollwatch, featuring commentary and insight from the ComRes team, please email: pollwatch@comresglobal.com

Banks Survey

ONLINE Fieldwork: 20th-22nd October 2017

Absolutes/col percents

Table 1

Q. 1 Below are a set of statements about banks. Please indicate how strongly you agree or disagree with each one

Summary

Base: All respondents

	It is morally wrong for banks to profit from investments in projects which pollute the environment	Banks should be stopped from profiting from investments in projects which cause environmental damage	Banks should explain clearly and transparently the effects their investments have on environmental sustainability	It is morally wrong to profit from investing in projects which will cause harm to children's futures	The chief executives of banks should take responsibility for ensuring their banks' investments are not causing environmental damage	Fossil fuels which damage people's health are just as bad as smoking tobacco - banks should not invest in fossil fuels	Investing in companies which cause dangerous climate change is morally wrong no matter how profitable it is	I don't want banks to use my savings to invest in projects which damage the environment	Major church institutions should not invest in companies which cause climate change	Banks should all publish plans which show that their investments are not damaging the environment.
