Daily Mail / ITV News – EU Referendum Survey

	All UK adults (turnout weighted)	Overall voting intention
Remain	48%	54%
Leave	42%	46%
Don't know	11%	–

METHODOLOGY NOTE

ComRes interviewed 1,032 UK adults aged 18+ from 17th–22nd June 2016. Data were weighted to be representative of all UK adults aged 18+. ComRes sets quotas during fieldwork and weights the raw data on the following demographic information: age, gender, government office region, social grade and public / private working sector. The sample includes both landline and mobile telephone numbers. Additionally the data is weighted by past vote recall. The voting intention figures are then modelled using the ComRes Likely Electorate Model to take account for known turnout patterns. ComRes is a member of the British Polling Council and abides by its rules. http://www.britishpollingcouncil.org/
