

ROYAL COLLEGE OF GENERAL PRACTITIONERS ENGLISH GPs SURVEY

Methodology: ComRes interviewed 1,094 English GPs online and by telephone between 16th August – 26th September 2018. Data were weighted to be demographically representative of all English GPs. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

For information about commissioning research please contact andrew.hawkins@comresglobal.com or call +44 (0)20 7871 8660.

J303498 RCGP GP study - England (Wave 5)

QCR2. Whereabouts in England do you work? Base: All respondents	1
QCR4. How would you describe your current role? Base: All respondents	4
QCR5. In the last year, have you returned to work as a GP after a break of two years or more, not working as a GP in the UK or not working as a GP at all? Base: All respondents	7
QCR6. Approximately how many patients are registered at the practice where you work? If you don't know the exact number, please give your best estimate. If your practice is part of a federation please answer based on your practice only. Base: All those who do not work only in out of hours services	10
QCP2. Does your practice work together with any other practices and/or hospitals in any of the following ways? Base: All those who do not work only in out of hours services	13
QCP7. Which of the following, if any, is your practice part of? Base: All those who do not work only in out of hours services	16
QCP3_SUM. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? SUMMARY TABLE Base: All those who do not work only in out of hours services	21
QCP3_1. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Weekday evening appointments Base: All those who do not work only in out of hours services	22
QCP3_2. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Saturday appointments Base: All those who do not work only in out of hours services	25
QCP3_3. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Sunday appointments Base: All those who do not work only in out of hours services	28
QFT1_SUM. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? SUMMARY TABLE Base: All respondents	31
QFT1_1. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In one year Base: All respondents	32
QFT1_2. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In two years Base: All respondents	35
QFT1_3. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In five years Base: All respondents	38
QFT2. You said that you are likely to still be working in general practice in England in one year. Do you think you will be working the same hours, reduced hours, or increased hours compared with what you do now? Base: All who are likely to be working in general practice in England in one year	41
QFT3. You said that you are unlikely to still be working in general practice in England in one/ two/ five years. Which of the following reasons, if any, make it unlikely that you will be working in general practice in one/ two/ five years. Base: All who are unlikely to be working in general practice in the near future	44
QFT4. How likely or unlikely are you to consider becoming a GP partner at some point in your career? Base: All those who are not currently a GP partner and who are likely to still be working in general practice in a year	50
QFT6. Thinking about working in general practice overall over the next few years do you expect it to...? Base: All respondents	53
QFT7. Why do you say that you think general practice overall will get worse over the next few years? Base: All who think general practice will get worse over the next few years	56
QFT7. Why do you say that you think general practice overall will get worse over the next few years? Base: All who think general practice will get worse over the next few years	73
QFT9. Thinking about the practice where you work, how likely or unlikely do you think it is that it will close in the next year? Please only think about how likely or unlikely it is that your practice will close, and not whether it will merge with other practices or become part of a federation Base: All those who do not work only in out of hours services	93
QFT10. How financially sustainable, if at all, do you think it is to run a general practice currently? Base: All respondents	96
QFT11. You have said that you do not think that it is financially sustainable to run a general practice currently. Which, if any, of the following things have led you to say that general practice is not financially sustainable? Base: All who do not think it is financially sustainable to run a general practice currently	99

J303498 RCGP GP study - England (Wave 5)

QIV1. Thinking about general practice overall, do you think that there is more, less or about the same funding available centrally for general practice as a year ago?	104
Base: All respondents	
QIV2. And do you think that there is more, less or about the same funding available through local funding initiatives as a year ago? For example, this might be through your CCG.	107
Base: All respondents	
QIV3a. Thinking about general practice overall, to what extent, if at all, do you think the funding available from all sources is enough?	110
Base: All respondents	
QIV5_SUM. For each of the following schemes, please say which of the following applies to your practice: SUMMARY TABLE	113
Base: All those who do not work only in out of hours services	
QIV5_1. For each of the following schemes, please say which of the following applies to your practice: Practice Resilience Funding	114
Base: All those who do not work only in out of hours services	
QIV5_2. For each of the following schemes, please say which of the following applies to your practice: Estates and Technology Transformation Fund	117
Base: All those who do not work only in out of hours services	
QIV5_3. For each of the following schemes, please say which of the following applies to your practice: Practice-based Pharmacist Scheme	120
Base: All those who do not work only in out of hours services	
QIV6_SUM. For each of the following schemes, please say which of the following applies to you: SUMMARY TABLE	123
Base: All respondents	
QIV6_1. For each of the following schemes, please say which of the following applies to you: Winter Indemnity Scheme	124
Base: All respondents	
QIV6_2. For each of the following schemes, please say which of the following applies to you: GP Health Service	127
Base: All respondents	
QIV6_3. For each of the following schemes, please say which of the following applies to you: GP Retention Scheme (previously the Retained Doctors Scheme)	130
Base: All respondents	
QIV7. The Department of Health has announced a state-backed indemnity scheme for GPs. Which of the following statements best describes your awareness of this?	133
Base: All respondents	
QIV8. And do you think that this will have a positive, or negative, impact on you personally?	136
Base: All who know at least a little about the state-backed indemnity scheme for GPs	
QWF1a_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE	139
Base: All those who do not work only in out of hours services	
QWF1a_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP	140
Base: All those who do not work only in out of hours services	
QWF1a_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice nurse	145
Base: All those who do not work only in out of hours services	
QWF1b_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE	150
Base: All those who do not work only in out of hours services and who have been involved in recruiting for position in past year	
QWF1b_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP	151
Base: All those who do not work only in out of hours services and who have been involved in recruiting for position in past year	
QWF1b_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice nurse	154
Base: All those who do not work only in out of hours services and who have been involved in recruiting for position in past year	
QWF2. Thinking about the practice where you work, are there currently any GP vacancies that have been open for more than three months?	157
Base: All those who do not work only in out of hours services	
QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.	160
Base: All respondents	
QWF7_SUM. And how would you rate your access to these members of staff? SUMMARY TABLE	163
Base: All those whose practice has additional services available to patients	
QWF7_1. And how would you rate your access to these members of staff? General practice nurse	164
Base: All those whose practice has additional services available to patients	

J303498 RCGP GP study - England (Wave 5)

QWF7_2. And how would you rate your access to these members of staff? Advanced Nurse Practitioner	167
Base: All those whose practice has additional services available to patients	
QWF7_3. And how would you rate your access to these members of staff? Medical or healthcare assistant	170
Base: All those whose practice has additional services available to patients	
QWF7_4. And how would you rate your access to these members of staff? Physician associate	173
Base: All those whose practice has additional services available to patients	
QWF7_5. And how would you rate your access to these members of staff? Clinical pharmacist	176
Base: All those whose practice has additional services available to patients	
QWF7_6. And how would you rate your access to these members of staff? Paramedic	179
Base: All those whose practice has additional services available to patients	
QWF7_7. And how would you rate your access to these members of staff? Mental health therapist	182
Base: All those whose practice has additional services available to patients	
QWF7_8. And how would you rate your access to these members of staff? Physiotherapist	185
Base: All those whose practice has additional services available to patients	
QWF7_9. And how would you rate your access to these members of staff? Occupational therapist	188
Base: All those whose practice has additional services available to patients	
QWL2_SUM. Thinking about a normal week at work, how often, if at all, do each of the following happen? SUMMARY TABLE	191
Base: All respondents	
QWL2_1. Thinking about a normal week at work, how often, if at all, do each of the following happen? I take breaks of 10 minutes or more	192
Base: All respondents	
QWL2_2. Thinking about a normal week at work, how often, if at all, do each of the following happen? I am so stressed that I feel that I cannot cope	195
Base: All respondents	
QWL2_3. Thinking about a normal week at work, how often, if at all, do each of the following happen? I work longer than my contracted hours	198
Base: All respondents	
QWL3. Which of the following steps, if any, is your practice currently taking, or has previously taken, to try to reduce GP workload?	201
Base: All those who do not work only in out of hours services	
QDN7. Do you currently work any sessions in out of hours services?	207
Base: All respondents	
QDN7a. You said that you do not currently work any out of hours sessions. Which of the following, if any, are reasons for this?	210
Base: All those who do not work in out of hours services	
QWL6_SUM. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? SUMMARY TABLE	213
Base: All respondents	
QWL6_1. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? It feels like increasing numbers of patients are seeing their GP every winter	214
Base: All respondents	
QWL6_2. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I feel that my workload increases in winter compared to other times of the year	217
Base: All respondents	
QWL6_3. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I am concerned that my workload will negatively affect my ability to provide care for my patients this coming winter	220
Base: All respondents	
QWL6_4. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? There is enough information available to patients about what to do if they feel unwell in winter	223
Base: All respondents	
QWL6_5. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? My patients understand that it can be harder to get a GP appointment in winter	226
Base: All respondents	
QIF4. Which of the following, if any, are used at the practice where you work?	229
Base: All those who do not work only in out of hours services	
QGP1. Have you heard of the General Practice Forward View?	234
Base: All respondents	
QGP2. The General Practice Forward View is a set of commitments outlined by NHS England to support general practice. It includes a commitment to increase recurrent spending on general practice by £2.4 billion by 2020/21 compared with 2015/16, alongside a set of commitments to build the workforce and implement new	

J303498 RCGP GP study - England (Wave 5)

models of care. Does this sound like something you have heard of?	237
Base: All who don't know a lot or anything about GP forward view	
QGP3. How likely or unlikely do you think it is that the GP Forward View will make a positive difference to general practice in England?	240
Base: All respondents	
QGP4. How confident are you, if at all, that the GP Forward View will be implemented at a national level?	243
Base: All respondents	
QGP5. To what extent, if at all, do you trust your local NHS and commissioners to implement the changes promised in the GP Forward View?	246
Base: All respondents	
QD4. How many hours are you contracted to work in an average week?	249
Base: All those who do not work as a locum	
QD5. And how many hours would you say that you actually work in an average week?	252
Base: All those who do not work as a locum	
QD6. How many hours would you say that you work in an average week?	255
Base: All those who work as a locum	
QD1. Which of the following describes how you think of yourself?	258
Base: All respondents	
QD3. In which age band do you fall?	261
Base: All respondents	

J303498 RCGP GP study - England (Wave 5)

QCR2. Whereabouts in England do you work?

Base: All respondents

QCR6. Approximately how many patients are registered at the practice where you work?

If you don't know the exact number, please give your best estimate.

If your practice is part of a federation please answer based on your practice only.

Base: All those who do not work only in out of hours services

QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.

QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.

Base: All respondents

QWL6_5. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements?

My patients understand that it can be harder to get a GP appointment in winter

Base: All respondents
