Region. Where do you live?	7
BASE: All respondents	
Pre Q1 screener. Please be assured that this survey conducted on behalf of our client, a pharmaceutical company, is completely confidential and complies with the Market Research Society Code of Conduct and data protection laws. The answers you provide will not be identified individually and will be compiled together and analysed as a group, so your responses will remain fully anonymous. Are you happy to take part on this basis? Please click the "Yes" button to proceed.	9
BASE: All respondents	
Q1. Thinking back to previous years, how frequently do you opt to receive the seasonal flu vaccine?	11
BASE: All respondents	
Q2. For which of the following reasons below, if any, have you chosen to receive the seasonal flu vaccine?	13
BASE: All who have ever received flu vaccine	
Q3. For which of the following reasons below, if any, have you chosen not to receive the seasonal flu vaccine?	15
BASE: All who have not received vaccine	
Q4. Thinking about your own role, how much knowledge do you have of immunisation programmes being delivered on the school premises for pupils?	17
BASE: All respondents	
Q5. Which of the following, if any, do you consider to be barriers to encouraging immunisation of pupils?	19
BASE: All respondents	
Q6. What tools or resources do you think would most enhance your own role in facilitating the national childhood immunisation programme?	21
BASE: All respondents	
Q7. To what extent, if at all, would you support or oppose an extension of the national childhood immunisation programme for flu to cover all pupils under the age of 18 in the 2020-21 academic year?	23
BASE: All respondents	
Q8. What impact, if any, do you think an extension of the flu immunisation programme to cover all pupils under the age of 18 would have on safety in the school environment?	25
BASE: All respondents	
Q9. What impact, if any, do you think the extension of the flu immunisation programme to cover all pupils under the age of 18 would have on absenteeism among pupils and staff during the winter months?	27
BASE: All respondents	
Q10. SUMMARY - NET Agree: To what extent do you agree or disagree with the following statements	29
BASE: All respondents	
Q10. SUMMARY - NET Disagree: To what extent do you agree or disagree with the following statements	31
BASE: All respondents	
Q10.1. Most parents seem to know the benefits of their child being vaccinated: To what extent do you agree or disagree with the following statements	33
BASE: All respondents	
Q10.2. Educating parents about vaccinating children should be more of a priority than it is: To what extent do you agree or disagree with the following statements	35
BASE: All respondents	
Q10.3. Parents are often concerned about the perceived risks of their child being vaccinated: To what extent do you agree or disagree with the following statements	37
BASE: All respondents	
Q10.4. Most parents do not think that vaccines are necessary: To what extent do you agree or disagree with the following statements	39
BASE: All respondents	
Q11. In previous years how much effort, if any, do you think you have put in to facilitate the national childhood immunisation programme, particularly in relation to flu?	41
BASE: All respondents	

Page: ii
Table of Contents

Q12. What impact, if any, do you think the COVID-19 pandemic will have on your efforts to facilitate the national childhood immunisation programme, particularly in relation to flu?	43
BASE: Those who have not put in maximum effort to facilitate the national childhood immunisation programme	
Q13. Health and social care workers are currently eligible to receive a free flu vaccine. To what extent would you support or oppose an extension of that programme to cover the teaching profession?	45
BASE: All respondents
