METHODOLOGY

ComRes interviewed 2,028 GB adults online on 10th – 12th May 2019. Data were weighted to be demographically representative of all GB adults by age, gender, region and social grade. Data were also weighted by 2017 General Election past vote recall and 2016 EU Referendum recall (except Westminster Voting Intention, which is only weighted by the former). ComRes is a member of the British Polling Council and abides by its rules.
