QCVIMQ17_2. Scrapping the pensions 'triple lock', where the state pension rises each year based on the higher out of inflation, average earnings or a minimum 2.5%: While the UK government continues to assist people and businesses during the coronavirus pandemic some are suggesting that, once the crisis is over or sooner, the government will need to introduce new measures in order to generate income to offset the increased spending that it is incurring at the moment. To what extent do you support or oppose each of the following in order to stabilise these coronavirus-incurred debts?

QCVIMQ17_5. Raising council tax: While the UK government continues to assist people and businesses during the coronavirus pandemic some are suggesting that, once the crisis is over or sooner, the government will need to introduce new measures in order to generate income to offset the increased spending that it is incurring at the moment. To what extent do you support or oppose each of the following in order to stabilise these coronavirus-incurred debts?

QCVIMQ55. Due to the urgency of the COVID-19 pandemic, developing the COVID-19 vaccine has been a priority for the healthcare sector. Despite still passing through all the regular checks and approvals, including from the UK's vaccine regulatory body, it has been developed and will be distributed faster than a traditional vaccine. To what extent are you comfortable or uncomfortable with the COVID-19 vaccine having been developed, checked and distributed at a faster pace than normal?

QCVIMQ57. During the Coronavirus pandemic, spikes in Covid-19 cases, hospitalisations and deaths have been referred to as 'waves', with Government strengthening and relaxation of restrictions usually responding to the rise and fall of such spikes. To what extent do you think it's likely or unlikely that there will be a 'third wave' of Coronavirus in 2021?
