

MHP, Party Conference Health Poll, September 2019

ComRes interviewed 2,045 British adults online between the 25th and 26th September 2019. Data were weighted to be representative of GB adults by age, gender, region and socio-economic grade. ComRes is a member of the British Polling Council and abides by its rules.

All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

For information about commissioning research please contact info@comresglobal.com or call +44 (0)20 7871 8660.

Q.2 The leader of the Labour Party, Jeremy Corbyn has announced a series of new policies regarding the research, development, and manufacturing of medicines. To what extent, if at all, do you support or oppose the following policies?

Summary Table**Base: All respondents**

	Policies				
	Requiring pharmaceutical companies to give up exclusive rights to medicines, where they are currently not affordable for the NHS	Introducing stricter conditions that require Government to fund medicines research and development if it benefits the public	Removing the 'market incentive' for pharmaceutical companies which grants them exclusive access to medicines if brought to market quickly enough	Establishing a UK-Government run medicines development and manufacturing company	Legislation to prevent former Government officials from working in the pharmaceutical industry
