## RCGP GP study - England (Wave 7)

QCR2. Whereabouts in England do you work? .....	1
Base: All respondents	
QDN1D. How would you describe the local area in which you work? .....	4
Base: All respondents	
QCR4. How would you describe your current role? .....	7
Base: All respondents	
QCR5. In the last year, have you returned to work as a GP after a break of two years or more, not working as a GP in the UK or not working as a GP at all? .....	10
Base: All respondents	
QCR6. Approximately how many patients are registered at the practice where you work?If you don't know the exact number, please give your best estimate.If your practice is part of a federation please answer based on your practice only. ....	13
Base: All those who do not work only in out of hours services	
QCP2. Does your practice work together with any other practices and/or hospitals in any of the following ways? .....	16
Base: All those who do not work only in out of hours services	
QCP7. Which of the following, if any, is your practice part of? .....	19
Base: All those who do not work only in out of hours services	
QCP3_SUM. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? SUMMARY TABLE .....	25
Base: All those who do not work only in out of hours services	
QCP3_1. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Weekday evening appointments .....	26
Base: All those who do not work only in out of hours services	
QCP3_2. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Saturday appointments .....	29
Base: All those who do not work only in out of hours services	
QCP3_3. Does your practice currently offer any of the following extended hour services (excluding urgent care provision)? Sunday appointments .....	32
Base: All those who do not work only in out of hours services	
QCP11. Thinking about patient appointments at your practice, what appointment length do you work to? .....	35
Base: All those who do not work only in out of hours services	
QCP12_SUM. To what extent do you agree or disagree with the following statements about patient appointments at your practice? SUMMARY TABLE .....	38
Base: All those who do not work only in out of hours services	
QCP12_1. To what extent do you agree or disagree with the following statements about patient appointments at your practice? Patient safety is being compromised due to appointments being too short .....	39
Base: All those who do not work only in out of hours services	
QCP12_2. To what extent do you agree or disagree with the following statements about patient appointments at your practice? I have enough time to adequately assess and treat patients during appointments .....	42
Base: All those who do not work only in out of hours services	
QFT1_SUM. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? SUMMARY TABLE .....	45
Base: All respondents	
QFT1_SUM. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? LIKELY SUMMARY .....	46
Base: All respondents	
QFT1_1. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In one year .....	49
Base: All respondents	
QFT1_2. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In two years .....	52
Base: All respondents	
QFT1_3. Thinking about the future, how likely or unlikely are you to be working in general practice in England in each of the following time frames? In five years .....	55
Base: All respondents	

## RCGP GP study - England (Wave 7)

QFT2. You said that you are likely to still be working in general practice in England in one year. Do you think you will be working the same hours, reduced hours, or increased hours compared with what you do now? .....	58
Base: All who are likely to be working in general practice in England in one year	
QFT3_SUM. You said that you are unlikely to still be working in general practice in England in the given timeframe. Which of the following reasons, if any, make it unlikely that you will be working in general practice in... SUMMARY TABLE .....	61
Base: All who are unlikely to be working in general practice in England in the near future	
QFT3_1. You said that you are unlikely to still be working in general practice in England in one year. Which of the following reasons, if any, make it unlikely that you will be working in general practice in one year. ....	62
Base: All who are unlikely to be working in general practice in England in one year	
QFT3_2. You said that you are unlikely to still be working in general practice in England in two years. Which of the following reasons, if any, make it unlikely that you will be working in general practice in two years. ....	68
Base: All who are unlikely to be working in general practice in England in two years	
QFT3_3. You said that you are unlikely to still be working in general practice in England in five years. Which of the following reasons, if any, make it unlikely that you will be working in general practice in five years. ....	74
Base: All who are unlikely to be working in general practice in England in five years	
QFT3. You said that you are unlikely to still be working in general practice in England in one/ two/ five years. Which of the following reasons, if any, make it unlikely that you will be working in general practice in one/ two/ five years. ....	80
Base: All who are unlikely to be working in general practice in the near future	
QFT4. How likely or unlikely are you to consider becoming a GP partner at some point in your career? .....	86
Base: All those who are not currently a GP partner and who are likely to still be working in general practice in a year	
QFT6. Thinking about working in general practice overall over the next few years do you expect it to...? .....	89
Base: All respondents	
QFT7. Why do you say that you think general practice overall will get worse over the next few years? .....	92
Base: All who think general practice will get worse over the next few years	
QFT7. Why do you say that you think general practice overall will get worse over the next few years? .....	114
Base: All who think general practice will get worse over the next few years	
QFT9. Thinking about the practice where you work, how likely or unlikely do you think it is that it will close in the next year? Please only think about how likely or unlikely it is that your practice will close, and not whether it will merge with other practices or become part of a federation .....	134
Base: All those who do not work only in out of hours services	
QFT10. How financially sustainable, if at all, do you think it is to run a general practice currently? .....	137
Base: All respondents	
QFT11. You have said that you do not think that it is financially sustainable to run a general practice currently. Which, if any, of the following things have led you to say that general practice is not financially sustainable? .....	140
Base: All who think it is financially unsustainable to run a general practice currently	
QIV1. Thinking about general practice overall, do you think that there is more, less or about the same funding available centrally for general practice as a year ago? .....	145
Base: All respondents	
QIV2. And do you think that there is more, less or about the same funding available through local funding initiatives as a year ago? For example, this might be through your CCG. ....	148
Base: All respondents	
QIV3a. Thinking about general practice overall, to what extent, if at all, do you think the funding available from all sources is enough? .....	151
Base: All respondents	
QIV5_SUM. For each of the following schemes, please say which of the following applies to your practice: SUMMARY TABLE .....	154
Base: All those who do not work only in out of hours services	
QIV5_1. For each of the following schemes, please say which of the following applies to your practice: Practice Resilience Funding .....	155
Base: All those who do not work only in out of hours services	
QIV5_2. For each of the following schemes, please say which of the following applies to your practice: Estates and Technology Transformation Fund .....	158
Base: All those who do not work only in out of hours services	
QIV5_3. For each of the following schemes, please say which of the following applies to your practice: Practice-based Pharmacist Scheme .....	161
Base: All those who do not work only in out of hours services	

## RCGP GP study - England (Wave 7)

QIV6_SUM. For each of the following schemes, please say which of the following applies to you: SUMMARY TABLE .....	164
Base: All respondents	
QIV6_1. For each of the following schemes, please say which of the following applies to you: Winter Indemnity Scheme .....	165
Base: All respondents	
QIV6_2. For each of the following schemes, please say which of the following applies to you: GP Health Service .....	168
Base: All respondents	
QIV6_3. For each of the following schemes, please say which of the following applies to you: GP Retention Scheme (previously the Retained Doctors Scheme) .....	171
Base: All respondents	
QIV7. The Department of Health announced a state-backed indemnity scheme for GPs in October 2017. The scheme came into effect on 1 April 2019. Which of the following statements best describes your awareness of this? .....	174
Base: All respondents	
QIV8. And do you think that this will have a positive, or negative, impact on you personally? .....	177
Base: All who know at least a little about the state-backed indemnity scheme for GPs	
QWF1a_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE .....	180
Base: All those who do not work only in out of hours services	
QWF1a_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP .....	181
Base: All those who do not work only in out of hours services	
QWF1a_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice Nurse .....	186
Base: All those who do not work only in out of hours services	
QWF1b_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE .....	191
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF1b_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP .....	192
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF1b_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice Nurse .....	195
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF2. Thinking about the practice where you work, are there currently any GP vacancies that have been open for more than three months? .....	198
Base: All those who do not work only in out of hours services	
QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service. ....	201
Base: All respondents	
QWF7_SUM. And how would you rate your access to these members of staff? SUMMARY TABLE .....	207
Base: All who have access to relevant service	
QWF7_1. And how would you rate your access to these members of staff? General practice nurse .....	208
Base: All who have access to relevant service	
QWF7_2. And how would you rate your access to these members of staff? Advanced Nurse Practitioner .....	211
Base: All who have access to relevant service	
QWF7_3. And how would you rate your access to these members of staff? Healthcare assistant .....	214
Base: All who have access to relevant service	
QWF7_4. And how would you rate your access to these members of staff? Physician associate .....	217
Base: All who have access to relevant service	
QWF7_5. And how would you rate your access to these members of staff? Clinical pharmacist .....	220
Base: All who have access to relevant service	

## RCGP GP study - England (Wave 7)

QWF7_6. And how would you rate your access to these members of staff? Paramedic .....	223
Base: All who have access to relevant service	
QWF7_7. And how would you rate your access to these members of staff? Mental health therapist .....	226
Base: All who have access to relevant service	
QWF7_8. And how would you rate your access to these members of staff? Physiotherapist .....	229
Base: All who have access to relevant service	
QWF7_9. And how would you rate your access to these members of staff? Occupational therapist .....	232
Base: All who have access to relevant service	
QWF7_10. And how would you rate your access to these members of staff? First contact physiotherapist .....	235
Base: All who have access to relevant service	
QWF7_11. And how would you rate your access to these members of staff? Social prescribing link worker .....	238
Base: All who have access to relevant service	
QWF8. Thinking about normal working hours at the practice where you work, how many vacant GP sessions were there during the past week? By vacant GP sessions, we mean those sessions where no GP is available to cover. Morning and afternoon sessions should be considered as two separate sessions. ....	241
Base: All respondents	
QWF5. How confident are you that the views of local GPs are being reflected in transformation planning in your area? .....	244
Base: All respondents	
QWL2_SUM. Thinking about a normal week at work, how often, if at all, do each of the following happen? SUMMARY TABLE .....	247
Base: All respondents	
QWL2_1. Thinking about a normal week at work, how often, if at all, do each of the following happen? I take breaks of 10 minutes or more .....	248
Base: All respondents	
QWL2_2. Thinking about a normal week at work, how often, if at all, do each of the following happen? I am so stressed that I feel that I cannot cope .....	251
Base: All respondents	
QWL2_3. Thinking about a normal week at work, how often, if at all, do each of the following happen? I work longer than my contracted hours .....	254
Base: All respondents	
QWL3. Which of the following steps, if any, is your practice currently taking, or has previously taken, to try to reduce GP workload? .....	257
Base: All those who do not work only in out of hours services	
QDN7. Do you currently work any sessions in out of hours services? .....	263
Base: All respondents	
QDN7a. You said that you do not currently work any out of hours sessions. Which of the following, if any, are reasons for this? .....	266
Base: All those who do not work in out of hours services	
QWL6_SUM. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? SUMMARY TABLE .....	269
Base: All respondents	
QWL6_1. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? It feels like increasing numbers of patients are seeing their GP every winter .....	270
Base: All respondents	
QWL6_2. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I feel that my workload increases in winter compared to other times of the year .....	273
Base: All respondents	
QWL6_3. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I am concerned that my workload will negatively affect my ability to provide care for my patients this coming winter .....	276
Base: All respondents	
QWL6_4. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? There is enough information available to patients about what to do if they feel unwell in winter .....	279
Base: All respondents	

## RCGP GP study - England (Wave 7)

QWL6_5. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? My patients understand that it can be harder to get a GP appointment in winter .....	282
Base: All respondents	
QIF3. Have you received funding to improve or expand your practice building in the last year? .....	285
Base: All those who do not work only in out of hours services	
QIF4. Which of the following, if any, are used at the practice where you work? .....	288
Base: All those who do not work only in out of hours services	
QIF5_SUM. You have said the following are/ is not used at the practice where you work. Which, if any of the following do you think are barriers to adopting this technology? SUMMARY TABLE .....	294
Base: All those who said the respective items are not used at the practice where they work	
QIF5_1. You have said the Skype/video consultations are not used at the practice where you work. Which, if any of the following do you think are barriers to adopting this technology? .....	295
Base: All those who said Skype/video or other online consultations are not used at the practice where they work	
QIF5_2. You have said the patient health monitoring tools/wearables are not used at the practice where you work. Which, if any of the following do you think are barriers to adopting this technology? .....	301
Base: All those who said patient health monitoring tools/wearables are not used at the practice where they work	
QIF5_3. You have said the online advice and symptom checker is not used at the practice where you work. Which, if any of the following do you think are barriers to adopting this technology? .....	307
Base: All those who said online advice and symptom checker is not used at the practice where they work	
QIF5_4. You have said the online triage is not used at the practice where you work. Which, if any of the following do you think are barriers to adopting this technology? .....	313
Base: All those who said online triage is not used at the practice where they work	
QGP1. Have you heard of the General Practice Forward View? .....	319
Base: All respondents	
QGP2. The General Practice Forward View is a set of commitments outlined by NHS England to support general practice. It includes a commitment to increase recurrent spending on general practice by £2.4 billion by 2020/21 compared with 2015/16, alongside a set of commitments to build the workforce and implement new models of care. Does this sound like something you have heard of? .....	322
Base: All who don't know a lot or anything about GP forward view	
QGP6. Overall, to what extent do you think the GP Forward View has already made a positive or negative difference to general practice in England? .....	325
Base: All respondents	
QGP7. How likely or unlikely do you think it is that the NHS Long Term Plan will make a positive difference to general practice in England? .....	328
Base: All respondents	
QD4. How many hours are you contracted to work in an average week? .....	331
Base: All those who do not work as a locum	
QD5. And how many hours would you say that you actually work in an average week? .....	334
Base: All those who do not work as a locum	
QD6. How many hours would you say that you work in an average week? .....	337
Base: All those who work as a locum	
QD1. Which of the following describes how you think of yourself? .....	340
Base: All respondents	
QD3. In which age band do you fall? .....	343
Base: All respondents

## RCGP GP study - England (Wave 7)

**QCR6. Approximately how many patients are registered at the practice where you work?**

**If you don't know the exact number, please give your best estimate.**

**If your practice is part of a federation please answer based on your practice only.**

Base: All those who do not work only in out of hours services

## RCGP GP study - England (Wave 7)

**QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.**

## RCGP GP study - England (Wave 7)

**QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.**

## RCGP GP study - England (Wave 7)

**QWL6\_SUM. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements?**

### SUMMARY TABLE

Base: All respondents

	Total	Strongly agree	Somewhat agree	Somewhat disagree	Strongly disagree	Don't know/ not relevant	NETS	
							Agree	Disagree
I feel that my workload increases in winter compared to other times of the year	1578 100%	771 49%	550 35%	71 5%	17 1%	169 11%	1321 84%	88 6%
It feels like increasing numbers of patients are seeing their GP every winter	1578 100%	720 46%	591 37%	64 4%	16 1%	187 12%	1311 83%	80 5%
I am concerned that my workload will negatively affect my ability to provide care for my patients this coming winter	1578 100%	475 30%	600 38%	217 14%	66 4%	220 14%	1075 68%	283 18%
My patients understand that it can be harder to get a GP appointment in winter	1578 100%	215 14%	592 38%	336 21%	165 10%	271 17%	807 51%	501 32%
There is enough information available to patients about what to do if they feel unwell in winter	1578 100%	113 7%	680 43%	436 28%	135 9%	215 14%	793 50%	570 36%
