RCGP GP study - Northern Ireland (Wave 4)

QDN1C. And which Health and Social Care Trust do you work within? Base: All respondents	1
QDN1D. How would you describe the local area in which you work? Base: All respondents	5
QCR4. How would you describe your current role? Base: All respondents	9
QDN2. Approximately how many sessions per week do you work as a GP in your practice? If you don't know the exact number, please give your best estimate.If your practice operates as part of a group of practices, please answer based on your practice only. Base: All those who do not work only in out of hours services	13
QCR5. In the last year, have you returned to work as a GP after a break of two years or more, not working as a GP in the UK or not working as a GP at all? Base: All respondents	17
QCR6. Approximately how many patients are registered at the practice where you work?If you don't know the exact number, please give your best estimate.If your practice is part of a federation please answer based on your practice only. Base: All those who do not work only in out of hours services	21
QDCRD5. Which of the following aspects, if any, motivates you most about working in general practice? Base: All respondents	25
QFT1_SUM. Thinking about the future, how likely or unlikely are you to be working in general practice in Northern Ireland in each of the following time frames? SUMMARY TABLE Base: All respondents	29
QFT1_SUM. Thinking about the future, how likely or unlikely are you to be working in general practice in Northern Ireland in each of the following time frames? LIKELY SUMMARY Base: All respondents	30
QFT1_1. Thinking about the future, how likely or unlikely are you to be working in general practice in Northern Ireland in each of the following time frames? In one year Base: All respondents	34
QFT1_2. Thinking about the future, how likely or unlikely are you to be working in general practice in Northern Ireland in each of the following time frames? In two years Base: All respondents	38
QFT1_3. Thinking about the future, how likely or unlikely are you to be working in general practice in Northern Ireland in each of the following time frames? In five years Base: All respondents	42
QFT2. You said that you are likely to still be working in general practice in Northern Ireland in one year. Do you think you will be working the same hours, reduced hours, orincreased hours compared with what you do now? Base: All who are likely to be working in general practice in Northern Ireland in one year	46
QFT3_SUM. You said that you are unlikely to still be working in general practice in Northern Ireland in the given timeframe. Which of the following reasons, if any, make it unlikely that youwill be working in general practice in... SUMMARY TABLE Base: All who are unlikely to be working in general practice in Northern Ireland in the near future	50
QFT3_1. You said that you are unlikely to still be working in general practice in Northern Ireland in one year. Which of the following reasons, if any, make it unlikely that youwill be working in general practice in one year. Base: All who are unlikely to be working in general practice in Northern Ireland in one year	51
QFT3_2. You said that you are unlikely to still be working in general practice in Northern Ireland in two years. Which of the following reasons, if any, make it unlikely that youwill be working in general practice in two years. Base: All who are unlikely to be working in general practice in Northern Ireland in two years	58
QFT3_3. You said that you are unlikely to still be working in general practice in Northern Ireland in five years. Which of the following reasons, if any, make it unlikely that youwill be working in general practice in five years. Base: All who are unlikely to be working in general practice in Northern Ireland in five years	65
QFT3. You said that you are unlikely to still be working in general practice in Northern Ireland in one/ two/ five years. Which of the following reasons, if any, make it unlikely that youwill be working in general practice in one/ two/ five years. Base: All who are unlikely to be working in general practice in the near future	72
QFT4. How likely or unlikely are you to consider becoming a GP partner at some point in your career? Base: All those who are not currently a GP partner and who are likely to still be working in general practice in a year	79
QDN8. Looking to the future, what would be your preferred employment status as a GP in five years? Base: All respondents	83
QFT6. Thinking about working in general practice overall over the next few years do you expect it to...? Base: All respondents	87
QFT7. Why do you say that you think general practice overall will get worse over the next few years? Base: All who think general practice will get worse over the next few years	91
QFT7. Why do you say that you think general practice overall will get worse over the next few years? Base: All who think general practice will get worse over the next few years	111

RCGP GP study - Northern Ireland (Wave 4)

QFT9. Thinking about the practice where you work, how likely or unlikely do you think it is that it will close in the next year? Please only think about how likely or unlikely it is that your practice will close, and not whether it will merge with other practices or become part of a federation	127
Base: All those who do not work only in out of hours services	
QFT10. How financially sustainable, if at all, do you think it is to run a general practice currently?	131
Base: All respondents	
QFT11. You have said that you do not think that it is financially sustainable to run a general practice currently. Which, if any, of the following things have led you to say that general practice is not financially sustainable?	135
Base: All who think it is financially unsustainable to run a general practice currently	
QIV3a. Thinking about general practice overall, to what extent, if at all, do you think the funding available from all sources is enough?	139
Base: All respondents	
QWF1a_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE	143
Base: All those who do not work only in out of hours services	
QWF1a_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP	144
Base: All those who do not work only in out of hours services	
QWF1a_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice Nurse	148
Base: All those who do not work only in out of hours services	
QWF1b_SUM. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? SUMMARY TABLE	152
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF1b_1. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? GP	153
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF1b_2. Thinking about the practice where you work, how easy or difficult would you say it has been over the past year to recruit each of the following positions? Practice Nurse	157
Base: All those who do not work only in out of hours services and who have been involved in recruiting for the position in the past year	
QWF2. Thinking about the practice where you work, are there currently any GP vacancies that have been open for more than three months?	161
Base: All those who do not work only in out of hours services	
QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.	165
Base: All respondents	
QWF7_SUM. And how would you rate your access to these members of staff? SUMMARY TABLE	169
Base: All who have access to relevant service	
QWF7_1. And how would you rate your access to these members of staff? General practice nurse	170
Base: All who have access to relevant service	
QWF7_2. And how would you rate your access to these members of staff? Advanced Nurse Practitioner	174
Base: All who have access to relevant service	
QWF7_3. And how would you rate your access to these members of staff? Healthcare assistant	178
Base: All who have access to relevant service	
QWF7_4. And how would you rate your access to these members of staff? Physician associate	182
Base: All who have access to relevant service	
QWF7_5. And how would you rate your access to these members of staff? Clinical pharmacist	186
Base: All who have access to relevant service	
QWF7_6. And how would you rate your access to these members of staff? Paramedic	190
Base: All who have access to relevant service	
QWF7_7. And how would you rate your access to these members of staff? Mental health therapist	194
Base: All who have access to relevant service	
QWF7_8. And how would you rate your access to these members of staff? Physiotherapist	198
Base: All who have access to relevant service	
QWF7_9. And how would you rate your access to these members of staff? Occupational therapist	202
Base: All who have access to relevant service	
QWF7_10. And how would you rate your access to these members of staff? First contact physiotherapist	206
Base: All who have access to relevant service	

RCGP GP study - Northern Ireland (Wave 4)

QWF7_11. And how would you rate your access to these members of staff? Social prescribing link worker	210
Base: All who have access to relevant service	
QWF8. Thinking about normal working hours at the practice where you work, how many vacant GP sessions were there during the past week?By vacant GP sessions, we mean those sessions where no GP is available to cover. Morning and afternoon sessions should be considered as two separate sessions.	214
Base: All respondents	
QWL2_SUM. Thinking about a normal week at work, how often, if at all, do each of the following happen? SUMMARY TABLE	218
Base: All respondents	
QWL2_1. Thinking about a normal week at work, how often, if at all, do each of the following happen? I take breaks of 10 minutes or more	219
Base: All respondents	
QWL2_2. Thinking about a normal week at work, how often, if at all, do each of the following happen? I am so stressed that I feel that I cannot cope	223
Base: All respondents	
QWL2_3. Thinking about a normal week at work, how often, if at all, do each of the following happen? I work longer than my contracted hours	227
Base: All respondents	
QDN18_SUM. Thinking about the last 12 months, how often were you able to secure locum cover in order to support your partaking in each of the following activities? SUMMARY TABLE	231
Base: All respondents (Northern Ireland)	
QDN18_1. Thinking about the last 12 months, how often were you able to secure locum cover in order to support your partaking in each of the following activities? Using your holiday entitlement	232
Base: All respondents (Northern Ireland)	
QDN18_2. Thinking about the last 12 months, how often were you able to secure locum cover in order to support your partaking in each of the following activities? Attending Continuing Professional Development (CPD) / learning / training sessions	236
Base: All respondents (Northern Ireland)	
QDN18_3. Thinking about the last 12 months, how often were you able to secure locum cover in order to support your partaking in each of the following activities? Engaging in strategic / policy activity outside of core practice work (e.g. practice planning, Federation meetings etc.)	240
Base: All respondents (Northern Ireland)	
QWL3. Which of the following steps, if any, is your practice currently taking, or has previously taken, to try to reduce GP workload?	244
Base: All those who do not work only in out of hours services	
QDN7. Do you currently work any sessions in out of hours services?	252
Base: All respondents	
QDN7a. You said that you do not currently work any out of hours sessions. Which of the following, if any, are reasons for this?	256
Base: All those who do not work in out of hours services	
QWL6_SUM. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? SUMMARY TABLE	260
Base: All respondents	
QWL6_1. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? It feels like increasing numbers of patients are seeing their GP every winter	261
Base: All respondents	
QWL6_2. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I feel that my workload increases in winter compared to other times of the year	265
Base: All respondents	
QWL6_3. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? I am concerned that my workload will negatively affect my ability to provide care for my patients this coming winter	269
Base: All respondents	
QWL6_4. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? There is enough information available to patients about what to do if they feel unwell in winter	273
Base: All respondents	
QWL6_5. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements? My patients understand that it can be harder to get a GP appointment in winter	277
Base: All respondents	
QIF4. Which of the following, if any, are used at the practice where you work?	281
Base: All those who do not work only in out of hours services	
QD1. Which of the following describes how you think of yourself?	289
Base: All respondents	
QD3. In which age band do you fall?	293
Base: All respondents

QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.

QWF6. Please indicate which, if any, of the below you have access to for patients at your practice. By 'access', we mean the practice where you work has access to the services of somebody in this role for the benefit of patients. The staff may not be directly employed by the practice, but could be, and may work across several practices. This could also include access for patients at your practice via a self-referral service.

QWF8. Thinking about normal working hours at the practice where you work, how many vacant GP sessions were there during the past week?

By vacant GP sessions, we mean those sessions where no GP is available to cover. Morning and afternoon sessions should be considered as two separate sessions.

Base: All respondents

QWL6_5. Thinking about working as a GP during winter months, to what extent do you agree or disagree with the following statements?

My patients understand that it can be harder to get a GP appointment in winter
