

Royal College of Psychiatrists – Public polling, April 2021

Methodology: Savanta ComRes surveyed 2,093 UK adults aged 18+ between 16th and 18th April 2021. Data were weighted to be nationally represented of UK adults aged 18+ by age, gender region and social grade. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at www.comresglobal.com.

All press releases or other publications must be checked with Savanta ComRes before use. Savanta ComRes requires 48-hours to check a press release unless otherwise agreed.

For information about commissioning research please contact briefs@savanta.com.

Q1. Summary: How much of a concern or not do you think the below will be in 10 years' time?	1
BASE: All respondents	
Q1_1. Climate and ecological emergencies: How much of a concern or not do you think the below will be in 10 years' time?	2
BASE: All respondents	
Q1_2. Pandemics like COVID-19: How much of a concern or not do you think the below will be in 10 years' time?	4
BASE: All respondents	
Q1_3. The economy: How much of a concern or not do you think the below will be in 10 years' time?	6
BASE: All respondents	
Q1_4. Unemployment: How much of a concern or not do you think the below will be in 10 years' time?	8
BASE: All respondents	
Q1_5. Brexit: How much of a concern or not do you think the below will be in 10 years' time?	10
BASE: All respondents	
Q2. Summary: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	12
BASE: All respondents	
Q2. Yes Summary: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	13
BASE: All respondents	
Q2_1. Climate and ecological emergencies: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	15
BASE: All respondents	
Q2_2. Farming and food hygiene practices: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	17
BASE: All respondents	
Q2_3. Ageing populations: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	19
BASE: All respondents	
Q2_4. Shortages in healthcare: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	21
BASE: All respondents	
Q2_5. Air pollution: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	23
BASE: All respondents	
Q2_6. People living too close to each other: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	25
BASE: All respondents	
Q2_7. Scientific experimentation: Thinking about each of the factors below, please tell us whether or not you think these contributed to the global outbreak of COVID-19	27
BASE: All respondents	
Q3. Summary: How much, if at all, are concerns about the below affecting your mental health?	29
BASE: All respondents	
Q3_1. Climate and ecological emergencies: How much, if at all, are concerns about the below affecting your mental health?	30
BASE: All respondents	
Q3_2. The COVID-19 pandemic: How much, if at all, are concerns about the below affecting your mental health?	32
BASE: All respondents	
Q3_3. Future pandemics like COVID-19: How much, if at all, are concerns about the below affecting your mental health?	34
BASE: All respondents	
Q4. Summary: How much, if at all, do you think the below will affect your mental health in the future?	36
BASE: All respondents	
Q4_1. Climate and ecological emergencies: How much, if at all, do you think the below will affect your mental health in the future?	37
BASE: All respondents
