Q1. How likely, if at all, are you to get the COVID-19 vaccination? ..... BASE: All respondents	1
Q2. Are you more or less likely to get the COVID-19 vaccine if you were invited to do so at your university campus, or does it make no difference? ..... BASE: All respondents	4
Q3. To what extent do you support or oppose each of the following? - Summary table ..... BASE: All respondents	7
Q3_1. To what extent do you support or oppose each of the following? - University students should only be able to attend in-person teaching once they are fully vaccinated against COVID-19 ..... BASE: All respondents	8
Q3_2. To what extent do you support or oppose each of the following? - University students should only be able to return to shared accommodation in their place of study once they are fully vaccinated against COVID-19 ..... BASE: All respondents	11
Q3_3. To what extent do you support or oppose each of the following? - University students should only be able to meets with others socially once they are fully vaccinated against COVID-19 ..... BASE: All respondents	14
Q4. How comfortable or uncomfortable would you feel interacting with students and staff at your university that have not had the COVID-19 vaccine? ..... BASE: All respondents	17
Q5. Which of the statements below comes closest to your view on the role, if any, that universities should play in supporting the COVID-19 vaccination programme? ..... BASE: All respondents asked	20
Q6. To what extent has each of the following got better or worse during the recent COVID-19 lockdowns, or have they stayed the same? - Summary table ..... BASE: All respondents	23
Q6_1. To what extent has each of the following got better or worse during the recent COVID-19 lockdowns, or have they stayed the same? - Your mental health ..... BASE: All respondents	24
Q6_2. To what extent has each of the following got better or worse during the recent COVID-19 lockdowns, or have they stayed the same? - Your physical health ..... BASE: All respondents	27
Q7. To what extent do you agree or disagree with each of the following? - Summary table ..... BASE: All respondents	30
Q7_1. To what extent do you agree or disagree with each of the following? - Having the COVID-19 vaccine will mean I feel comfortable resuming in-person study at my university ..... BASE: All respondents	31
Q7_2. To what extent do you agree or disagree with each of the following? - I will only return to in-person study at my university once all students and staff there have been offered the vaccine ..... BASE: All respondents	34
Q7_3. To what extent do you agree or disagree with each of the following? - Getting the population vaccinated is the only way we can return to life as we knew it ..... BASE: All respondents	37
Q7_4. To what extent do you agree or disagree with each of the following? - I am concerned about side-effects of the COVID-19 vaccine ..... BASE: All respondents	40
Q7_5. To what extent do you agree or disagree with each of the following? - Once priority groups in the UK have been vaccinated, those in poorer countries should have access to the vaccine before young and healthy people in the UK ..... BASE: All respondents	43
Q7_6. To what extent do you agree or disagree with each of the following? - The COVID-19 vaccine is unsafe ..... BASE: All respondents	46
Q8. How well or badly do you feel each of the following has handled the COVID-19 pandemic? - Summary table ..... BASE: All respondents	49
Q8_1. How well or badly do you feel each of the following has handled the COVID-19 pandemic? - The Government ..... BASE: All respondents	50
Q8_2. How well or badly do you feel each of the following has handled the COVID-19 pandemic? - The Department for Education ..... BASE: All respondents	53

BASE: All respondents

SUMMARY						
	Having the COVID-19 vaccine will mean I feel comfortable resuming in-person study at my university	I will only return to in-person study at my university once all students and staff there have been offered the vaccine	Getting the population vaccinated is the only way we can return to life as we knew it	I am concerned about side-effects of the COVID-19 vaccine	Once priority groups in the UK have been vaccinated, those in poorer countries should have access to the vaccine before young and healthy people in the UK	The COVID-19 vaccine is unsafe
