QCVIMQ17. Summary: While the UK government continues to assist people and businesses during the coronavirus pandemic some are suggesting that, once the crisis is over or sooner, the government will need to introduce new measures in order to generate income to offset the increased spending that it is incurring at the moment. To what extent do you support or oppose each of the following in order to stabilise these coronavirus-incurred debts?

QCVIMQ17_5. Raising council tax: While the UK government continues to assist people and businesses during the coronavirus pandemic some are suggesting that, once the crisis is over or sooner, the government will need to introduce new measures in order to generate income to offset the increased spending that it is incurring at the moment. To what extent do you support or oppose each of the following in order to stabilise these coronavirus-incurred debts?

Political Tracker July 2020

QCVIMQ29. Summary: Recently, there have been debates among some politicians, economists, and high value individuals about introducing a 'wealth tax' to help the government generate income to offset the increased spending that it is incurring throughout the COVID-19 pandemic. At each of the following levels of wealth (the amount of money people have, such as savings and assets), to what extent would you support or oppose introducing a form of wealth tax?
