Q6. How often, if at all, do you participate in social action activities? By social action activities we mean giving up your time to do something that will help others whilst also learning and developing yourself. For example, teaching digital skills to older people, mentoring young people or improving local spaces for others to enjoy.

Q6. How often, if at all, do you participate in social action activities? By social action activities we mean giving up your time to do something that will help others whilst also learning and developing yourself. For example, teaching digital skills to older people, mentoring young people or improving local spaces for others to enjoy.

Q7_7. To what extent do you agree or disagree with each of the following statements about young people and social issues? By social issues, we mean issues that affect people locally, nationally or internationally such as access to adequate food and water, different groups of people getting along and community issues such as graffiti.

It is not the responsibility of young people to help tackle social issues
